When taken regularly, vH Balance can reduce itching, burning, discharge, or odor; improve vaginal bacterial balance; and promote overall vaginal health.

vH Balance combines 6 well-studied probiotic strains into a powerful nutraceutical for women's vaginal health.

vH Balance may help:

- Reduce itching, burning, discharge, and odor
- Improve vaginal bacterial balance
- Promote overall vaginal health

The most proven actions of the 6 probiotic strains in vH Balance are to:

- Produce lactic acid, vital for keeping the vaginal environment sufficiently acidic to control bad bacteria
- Compete with bad bacteria for available nutrients while also producing substances that repel or destroy bad bacteria
- Attach to vaginal lining cells to create a resistance to attachment of bad bacteria
- Regulate gene activity in the vaginal cells to help prevent penetration of bad bacteria
- Promote healthy inflammatory balance by reducing pro-inflammatory activity in the vaginal lining, while heightening its readiness for attacks from bad bacteria.

Who Could Benefit from vH Balance?

- Women of any age experiencing itching, burning, discharge, or odor
- Women taking antibiotics that deplete good vaginal bacteria
- Postmenopausal women with low estrogen
- Women wanting optimal vaginal health, which depends on a healthy bacterial balance in the vaginal environment.

vH Balance is well tolerated long-term.

Form:

Capsules

Serving Size:

1 capsule

Number of Servings Per Bottle:

90

Suggested Use:

Take 1 capsule daily, or as directed by your healthcare practitioner.

Allergies:

This product is soy free, dairy free, and gluten free.

Active Ingredient:

Vitamin A (as Retinyl Palmitate) 1.5 mg, Vitamin D (as Vitamin D3) (5,000 IU) 125 mcg, Vitamin K (as MK-7) 500 mcg.

Other Ingredients:

Microcrystalline, Cellulose, Hypromellose (derived from cellulose) capsule, Calcium Laurate.

Warnings:

As vitamin K interferes with the effect of anti-coagulant drugs (like Coumadin), the concurrent use of these agents should be avoided.
